

In our inaugural year, the Annapolis Jazz & Roots Festival will take place in Eastport, "the Left Bank" of Annapolis. In subsequent years, it will extend to downtown sites in walking distance to the City Dock area. Attendees will enjoy concerts, lectures and video presentations of an artistic, cultural and historical nature. Performers represent many countries and cultures. Indoor events include churches, schools, libraries, maritime businesses, restaurants and other establishments. In 2022, most activities will be held in afternoon or early evening and serve both adults and families. This inclusivity is unique for a jazz festival!
